EXPERIENCE

id8 Agency

Marietta, GA

Graphic Designer

Sep. 2012 - Current

Working with id8 means being strong as a designer, project manager, creative thinker and communicator. I have designed for a variety of projects, including packaging design, websites, event materials, branding, stationery, signage and more. Many projects are handled directly with close client contact.

BQ Creative, Inc.

Stuart, FL

Freelance Graphic Designer

Sep. 2009 - Dec. 2012

As BQ Creative, I designed print materials, designed and developed HTML and Wordpress websites, created motion graphics for web animations, managed social media accounts and much more. My portfolio of clients included those in the hospitality, healthcare, manufacturing and food service industries. I also freelanced at local design studios, working on contract basis on a variety of projects and production design.

Uppercase Incorporated

Tampa, FL

Graphic Design Internship

Sep. 2009 - May 2010

Produce code for web sites from Photoshop site builds, create brochures and menus for restaurant clients, attend client briefs and production meetings and work closely with the owner.

University of South Florida

St. Petersburg, FL

Promotions Director: Harborside Activities Board

Sep. 2009 - May 2010

I created all promotional materials for on campus events, including shirts, print material and maintained the organization's web site. I approved and coordinated vendors and assigned and managed the promotions budget.

Computing Center Assistant

Sep. 2008 - May 2010

I assisted students with computers and lab equipment, maintained supplies, loaned equipment, repaired student computers and addressed other technology issues.
